**Notification to Customers and Partners
of ESCATEC's Business Units in Penang (EEM, EDM, ETM)**

With reference to our previous notification to customers and partners on 28th June 2021.

We would like to inform our customers and partners that Penang State will on Wednesday 7th July 2021 graduate to Phase 2 of the "National Recovery Plan" as announced by the Malaysian government. This is the outcome of Penang fulfilling three key indicators, as below:

- 1) A declining trend in the number of COVID19 cases detected daily in Penang
- 2) Moderate to average use of ICU facilities in public hospitals in Penang
- 3) More than 10% of the population in Penang have now been fully vaccinated

Under Phase 2, a broader range of industries and businesses are allowed to operate and up to 80% of a company's workforce can be on-site at any one time. Strict adherence by companies, employees, and the public, to official Health & Safety SOPs remain compulsory without exception.

Specifically for ESCATEC, Phase 2 means that ESCATEC Electronics (EEM) and ESCATEC Medical (EDM), both based in Bayan Lepas, Penang, will be able to operate with 80% of their respective workforce on site.

ESCATEC continue to manage the situation to minimise any impact on customer deliveries and your Key Account Manager will be in touch if we foresee any changes to our delivery commitments. Kindly get in touch with your ESCATEC contact in case of further questions or enquiries.

Yours Sincerely,

Juha Arola
Chief Operating Officer

ESCATEC SDN. BHD.
